PROFESSIONAL SUMMARY:

Passionate front-end developer skilled in ReactJS, Angular, with a knack for creating intuitive, responsive, and user-friendly interfaces. Strong problem-solving skills, experience in RESTful API integration, and expertise in version control using Git.

EXPERIENCE:

Crinsun Technology | Hubli | Sep 2024 – Jan 2025

- ❖ Learned Java full-stack development with Spring Boot, Hibernate, and Angular.
- ❖ Collaborated in a team to develop the “Quest” alumni portal with dynamic user interaction and event management features.
- ❖ Designed responsive UIs with Angular and Bootstrap while ensuring cross-browser compatibility.
- ❖ Gained experience testing APIs with Postman and debugging efficiently.

TECHNICAL PROJECTS

WonderLust | Full Stack Project (MERN)

Developed a web platform for users to list, discover, and book accommodations with features like user authentication and dynamic search.

- ❖ Designed and implemented the entire stack using MongoDB, Express.js, ReactJS, and Node.js
- ❖ Integrated third-party npm packages like password hashing, joi validation, and multer for file upload.
- ❖ Optimized performance, reducing page load time by 20%.
- ❖ Collaborated on testing and UI implementation to ensure seamless user experience
- ❖ Key Skills: MERN Stack, REST API, Authentication, GitHub, Responsive Design

Simon Says Game

Developed an engaging web-based memory game using JavaScript.

- ❖ Implemented game logic and animations to improve user interaction
- ❖ Focused on efficient use of JavaScript functions and DOM manipulation
- ❖ Key Skills: JavaScript (ES6+), HTML5, CSS3

SKILLS:

- ❖ Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), ReactJS, Node.js, Express.js, MongoDB, Java, Python, MERN(MongoDb, ExpressJS, ReactJS NodeJS)
- ❖ Web Development: MERN Stack, REST API, Responsive Design, Bootstrap, Accessibility Standards, SEO Principles
- ❖ Tools & Platforms: GitHub, Render (Deployment), Webpack, Gulp, SASS, LESS
- ❖ Databases: MySQL, MongoDB, Postgresql
- ❖ Other Skills: Git Version Control, Operating Systems

EDUCATION:

- ❖ Master of Computer Application | Jain College of Engineering, Belagavi CGPA : 9.12 | (Feb '23 – Sep '24)
- ❖ Bachelor of Computer Applications | GSS BCA College, Belagavi 88.61% | 2022
- ❖ XII | Jain PU College, Belagavi 89% | 2019

CERTIFICATES:

- ❖ **Data Analytics and Visualization** (Forage) – Completed practical tasks in data cleaning, modelling, and presenting to clients.
- ❖ **Software Testing** (IIIT Bangalore, NPTEL) – Completed a 12-week course with a score of 51/100
